Official Information Act request: Active warrants to arrest

Thank you for your email of 13 June 2023 requesting, under the Official Information Act (the Act), information about active warrants to arrest. Specifically, you requested:

Can you please provide me with the number of active court arrest warrants in Aotearoa, broken down by district as of June 13,2023? (Note: if easier to use the first/last day of the month, feel free to amend)

Can I also get the comparable figure for the past 5 years - i.e., the number of active warrants on June 13 2022, June 13 2021 etc.

And lastly can I get an indication of how many active warrants (as of June 2023) are for failed first court appearances?

On 11 July 2023 the Ministry of Justice (the Ministry) contacted you to inform you that, pursuant to section 15(1) of the Act, a decision to grant your request had been made, but more time was needed to prepare a response. You were informed that you could expect a response by 26 July 2023.

Before responding to your request, I would like to provide the following information about warrants to arrest. If a defendant fails to appear at a hearing, the court may issue a warrant to arrest for the Police to action. Police can also seek the court's permission to withdraw a warrant to arrest if they consider it appropriate. When a defendant makes a voluntary appearance at court, a registrar can, if they have jurisdiction, withdraw the warrant or schedule a date for the defendant to appear before a judge.

In response to the first and second parts of your request, please refer to Table 1 attached, which outlines the number of active warrants to arrest, as at 30 June each year, for years from 2019 to 2023.

Please note that Table 1 is broken down by Justice Service Areas as the Ministry does not record information by Police District. Justice Service Areas are geographical groupings of individual court locations for administrative purposes, and these are outlined in Appendix 1 attached.

I am refusing the last part of your request under 18(g) of the Act as the information is not held by the Ministry or any other agency subject to the Act. Agencies can only provide information they hold. There is no requirement under the Act, for agencies to create new information to respond to requests. In this instance we would need to create a new report which would require complex programming and testing of new codes.

If you require any further information, please contact Media & Social Media Manager Joe Locke at media@justice.govt.nz.

Please note that this response, with your personal details removed, may be published on the Ministry website at: justice.govt.nz/about/official-information-act-requests/oia-responses/.

If you are not satisfied with this response, you have the right to make a complaint to the Ombudsman under section 28(3) of the Act. The Office of the Ombudsman may be contacted by email to info@ombudsman.parliament.nz or by phone on 0800 802 602.

Notes for table 1:

- The data shows the number of active warrants, issued in a criminal court, as at 30 June of each year.
- A warrant that has been issued is considered "active" if it has not been executed or withdrawn.
- Court location is based on the Justice Service Area of the court where the warrant was issued.
- Justice Service Areas are geographical groupings of individual court locations for administrative purposes. A list of courts within each Justice Service Area can be found in appendix 1. This also includes information on courts that have since been closed.
- The Case Management System does not record if a person has died or left the country.
- This data includes the Youth Court, District Court, and High Court.
