[1] On 10 November 2015 Murray Patchell of Deloitte Rotorua confirmed by email that he is able and willing to accept appointment to the committee of management of the Proprietors of Torere 64 Incorporated. The conditional order at paragraph 89(b) of our reserved judgment of 7 October 2015 may therefore be completed and released.

[2] Mr Patchell also requested in his email a direction from the Court to the previous committee members, secretary and other parties that may hold incorporation records to release those records and deliver them to Deloitte Rotorua or advise where the records may be uplifted. This request is made in order to assist a smooth transition to the new committee. We proceed on the basis that Mr Bidois is aware of this request. The direction is appropriate.

[3] Therefore, in addition to the orders already made we make the following order pursuant to Te Ture Whenua Maori Act 1993:

- (a) Section 280(7) directing the previous members of the committee of management and the secretary of the Proprietors of Torere 64 Incorporated and any other persons who may hold records of the said incorporation to immediately release the said records and deliver them to Deloitte Rotorua or otherwise advise Deloitte Rotorua where the said records may be uplifted.
